WOULD HAVE LAW REPEALED

Preamble and Resolutions Averse to Civil Police Justice

REFERRED BY BOARDS

Mayor Fisher Returns Resolutions Appropriating Money Which Had Failed to Receive Valid Vote.

The office of police and civil justice of Alexandria which was created by the last legislature without the knowledge of the people of Alexandria and for which an election will be held to fill the position in November caused a lengthy debate in council at its meeting last night. In the Board of Aldermen there was a disposition on the part of the members to take immediate action to send a representative of council to the meeting of the General Assembly now in session in Richmond, to confer with the city's representatives to have the law repealed. It was stated last night that every other city in the state with the exception of Newport News and Alexandria, had been exempted from the provisions of the bill, and that Newport News was now making an effort in Richmond to have the law repealed so far as that corporation is concerned.

Board of Aldermen.

Six Aldermen were present and but one paper was presented in that board. D. E. Bayliss asked permission to erect a house from brick and terra cotta blocks on Pendleton street. It was referred to the committee on street. A recess followed while waiting for business from the Common Council. Subsequently the action of the lower board was concurred in by unanimous votes on all papers sent in until the following arrived:

Whereas E. W. Milstead, member of the House of Delegates from Newport News, has introduced a bill amending the act applying to police justices in cities of the middle class in Virginia.

And whereas Mr. Milstead declares that the law imposes what is practically a physical impossibility on the police justice of Newport News and other cities.

And whereas if the new law is impractical in Newport News, it is equally impractical in Alexandria, therefore,

Resolved, by the City Council, That R. E. Thornton, Senator from this district, and J. F. Birrell, Delegate from this city and county, be requested to vie with Mr. Milstead in having the same repealed at this special session of the Legislature.

Resolved, That copies of this resolution be sent immediately by the clerk of the City Council to our Senator and Delegate.

Appended to the resolution was a clipping from a Richmond paper in which Mr. Milstead gave his reasons for desiring a repeal of the act.

The Common Council had referred the preamble and resolutions to the committees on finance and general laws who were to make an early report to be considered at a called meeting of both branches of Council.

After the endorsement had been read by the clerk there were expressions of disappointment on the part of each Alderman present.

Mr. Ballenger arose and stated that the General Assembly would be in session but two weeks, and as the special session was to continue but thirty days, and the question of taxation for which the Legislature was called to consider would necessarily sidetrack the great bulk of general business, by the time the committee on finance and general laws met, prepared a report and the same was acted upon by the City Council, the Legislature would have adjourned.

President Field and Mr. Brill spoke on the same lines, while the other members signified their approbation of all the speakers uttered.

Finally Mr. Ballenger moved a non-concurrence in the action of the Common Council.

Mr. Hill, who is also adverse to the new law creating a civil and police justice, suggested that the committees might get together and an early meeting of Council could act upon the matter in time.

After further interchange of opinion it was determined to concur in the action of the lower board, but with the understanding that a called meeting of Council would be held this week or next Monday.

The board then adjourned.

Common Council.

In the lower board Councilmen Marbury introduced a resolution calling upon the legislature to permit the present system of one police justice for criminal cases and several magistrates for civil cases to continue.

President Smith thought that the new arrangement should be given a trial. Mr. Marbury's resolution was referred to the committee on general laws and finance, to report at the next meeting and as the General Assembly will have adjourned by that time, no effective action in the matter can be taken by council.

The question of the ownership of the Old Friendship fire engine house on south Alfred street, near King, in which is stored the historic old engine, which tradition says was used by the company when George Washington was a member of it, brought out the fact that the ownership of the building is in doubt. Not a member of council could tell whether the house is the property of the city or the property of the Veteran Fire Association which occupies it. The old engine house needs paint and repairs and council is unwilling to go ahead with the work until it knows who is the legal owner of the property.

A joint committee consisting of Councilmen C. S. Taylor Burke, Albert Bryan, and A. D. Brockett, Aldermen Ballenger and Robinson, was appointed to learn who owns the house.

Councilmen H. R. Burke thought that if the engine and house was turned over to the city, the old engine might be put into active service as an auxiliary fire engine at comparatively small cost. It was also suggested that the engine be placed on exhibition.

The committee on finance and light reported a resolution appropriating $5,482 to take over the gas mains laid in Rosemont, a suburb, by the Rosemont Development Company in 1911. Under the law the resolution went over.

Council received a communication from Mayor Fisher vetoing two resolutions appropriating small amounts for street work. The mayor said he had no desire to retard the work, but the resolutions had not received the required three fourths vote on the night of introduction. The Mayor's veto was sustained and the resolutions were again introduced and passed by the required vote.

Councilmen Brockett called attention to the fact that the present contract between the city and the Alexandria County Lighting Company will expire this year and suggested that the question of more arc lights be looked after before a new contract is made.

Application of W. M. King for alterations to the building at the southwest corner of King and West streets, to operate as a moving picture show, was referred to the street committee, as was an application from D. E. Bayliss to erect a terra cotta house on the south side of Pendleton street between Washington an and Columbus streets.

AVERSE TO POLICE JUSTICE.

Suffolk, Va., Jan 27—The committee from city council appointed by Mayor Holladay at the meeting held last week to look into the advisability of creating the office of police justice here met Monday afternoon.

Messrs. Hosier, Campbell and Lawrence and Mayor Holladay were present and after a discussion of some length the committee decided that the time is not favorable for creating such an office.

The council as a whole is opposed to the creation of a new office at this time.

An official announcement made in Berlin yesterday says: "Constantinople reports that the leader of the Moroccan rebels, Abdul Malik, has taken Fez. The French lost 3,500 in killed, wounded, and prisoners and they also lost nine guns and several machine guns."

HEAPS OF DEAD FROM CHARGES

Ghastly Birthday Present Received by Emperor William Today.

APPEARS AT FRONT.

Germans Hurled Back at Every Point Save One, Leaving Their Dead and Wounded on the Field.

Paris, Jan., 27—Heaps of dead victims of a series of reckless and bloody charges against the allies' intrenchments formed the German army's birthday present to Emperor William today.

Inspired by the presence of the Kaiser on the battle front, German forces made simultaneous night attacks of unusual ferocity upon the French and English lines from the seacoast southward nearly to Rheims according to advices received here today. Except in the vicinity of Craonne, where the French were forced to evacuate a trench, the Germans were hurled back. They left many dead and wounded on the field.

The fighting along the wooded heights west of Craonne was most furious early today. Desperate infantry assaults upon the French positions followed a celebration and song service along the German trenches supposedly in commemoration of the Kaiser's fifty-sixth birthday.

Strains of "Die Wacht Am Rhein" were still drifting across to the French lines when the German attack suddenly broke on the French left. The Germans were within 300 yards of the barbed wire entanglements before they were discovered.

Searchlights were played upon the advancing Germans. Machine guns poured a withering fire Into their ranks. The German charges against the French lines were renewed hourly today.

The Kaiser is reported on the German battle front near Ypres.

TROUBLE ON STEAMER

Passengers on Steamer Southland Accused of Having Attacked the First Officer.

William H. Jones, of Norfolk, and Sanford A. McPherson, of Baltimore were the names and addresses of two young men who were placed under arrest aboard the steamer Southland of the Norfolk and Washington line Monday night, turned over to the Washington police yesterday morning and taken before United States Commissioner Anson S. Taylor.

The charge preferred against them was one of assault, and Capt. James T. Jones, first officer aboard the steamer, their alleged victim, went to Providence Hospital shortly after the steamer reached the wharf in Washington. He had a severe injury to one of his eyes.

Trouble between the passengers and the captain started when the steamer was off Point Lookout, on its way up the river. It is said that the young men were called upon to keep quiet and that the alleged assault followed.

The names given to the police by the alleged belligerent passengers, it is stated, are not the same as given by them to the purser when they engaged passage aboard the steamer. A charge of having assaulted Capt. Jones on the high seas was preferred against them and they were released on $1,000 bond each to appear before United States Commissioner Taylor Saturday morning for a hearing.

The Russian naval general staff has received word that on Monday a Zeppelin airship dropped a number of bombs on Libau. The guns of the fort fired on the dirigible, and it fell into the sea. The dirigible was destroyed and its crew made prisoners.

PRIESTS MURDERED.

Extreme Cruelties Practiced Against Many Other Members of the Clergy.

Many Catholic priests in Belgium have been murdered in cold blood by the German invaders and extreme cruelties practiced against hundreds of other members of the clergy, according to evidence submitted by the Belgian official commission of inquiry. This announcement was made by the Belgian legation in Washington yesterday, confirming press dispatches previously received from London. After recounting individual cases of extreme cruelty, the statement given out at the legation says:

"The commission of inquiry had received evidence according to which, in the diocese of Malines alone, 26 priests were wantonly killed.

"In the diocese of Lloge about ten priests were shot, including the parish priest of Moret, Eurele-Romain and Blogny.

"In the diocese of Namru, more than 20 priests were killed, among them being the parish priest of Surice, Anthee, Onhaye, and Spontin; also Abbe Grillard, professor of the College of Belle-Vue; Abbe Armand Schegel, priest of Hastiere-par-dela and Abbe Burnniaux of the St. Louis College at Namur.

"The priest of Spontin was hung sometimes by the feet and sometimes by the hands; he was pierced by bayonets and finally shot.

"In the diocese of Tournai the bishop, an old man of 74, was taken as a hostage. He was sent to Ath, shamefully treated and left without bed or covering One of the soldiers struck him in the back with his fist.

"In the same diocese three ecclesiastics were shot, namely the parish priests of Roselies and Acoz and a "seminarian of Tournal."

UPRISING IN PORTUGAL

Republican Officers Dissatisfied With Present Conditions

Jonday, Jan 27.—The Daily Chronicle's Lisbon correspondent telegraphs from Badajoz, on the frontier the news of a very serious uprising in Portugal—not a monarchical uprising, as was stated by the government of the republic on January 20, but a revolt of republican officials some of whom took part in the overthrow of the monarchy.

The Chronicle's correspondent was not permitted to send the news from Lisbon. He went to Badajoz for the purpose of evading restraint.

The violent upheaveal was due, he says, to dissatisfaction with the administration of the war minister, Senhor Ecas. A large number of officers, including the general commanding the Lisbon garrison, were in sympathy with the revolters and voluntarily surrendered to the government, asking that they be arrested.

Sixty-four of the revolters have been imprisoned on a warship.

A dispatch from Lisbon adds that the Portuguese cabinet, headed by Premier Victor Hugo A. Coutinho, resigned following the uprising.

The president has commssioned Gen. Pimenta Castro, former minister of war, to form a new ministry which is to be nonpartisan.

GERMAN NAVY IS WEAKENED

May Be Forced to Confine Their Activities to Submarines

CRUISERS DISABLED

Captain of Bluecher Went Down With His Ship in Battle in North Sea Last Sunday Morning.

London, Jan. 27—Deprived of the service of the swiftest wing of her fleet, Germany will confine her naval activities in the North Sea sofely to submarine raids for many weeks, admiralty officials predicted today.

The German battle cruiser Derfflinger is reported badly damaged in the Sunday morning battle that resulted in the Bleucher's sinking. The Moltke is said to have been in flames as she headed back to Heliogland. Of the four German speed craft that steamed out to raid the British coast only the Seydlitz is reported to have escaped serious damage. Single-handed, she is not expected to venture away from the German naval base.

The Von Der Tann, another of the Kaiser's speed monsters, is reported to have been drydocked for repairs a few weeks ago. It is practically certain she did not participate in Sunday's engagement. The Goeben is in the Black Sea under a Turkish flag. Admiral von Tirpitz, consequently, lacks the speedy dreadnaught necessary to combat on anything like equal terms with England's North Sea fleet.

Dispatches from Harwich claim at least one German destroyer was sunk in the Sunday battle. The Germans report that a British battle cruiser was sunk is denied. it is admitted that the Lion. Vice Admiral Beatty's flagship was damaged and forced to withdraw from the battle line.

Survivors of the Bleucher landed at Leith, declare Captain Erdmann, of the Bleucher, went down with the German battle cruiser. He remained on the bridge to the end, although wounded.

WRECK OFF HATTERAS

Schooner Yacht's Crew of Fifteen Believed to Have Drowned

New York, Jan. 27.—A wireless message was received in this city Monday that a schoner-yacht, believed to be the Idler, which left Hoboken last Thursday morning for a cruise of a year in the south Pacific, had been wrecked on Diamond Shoal off Cape Hatteras, and that all on board probably were lost.

The Idler, an auxiliary schooner yacht with a 100 horsepower motor, is owned by J. P. Jefferson, of Warren, Pa., who purchased her recently from Henry T. Sloane, a member of the New York Yacht Club.

She left Hoboken last Thursday in command of Capt. Robert H. Harding, and was to have taken on board her owner and his guest at Habana. Therefore, it is believed in this city that those on board were Capt. Harding and a crew of about twelve or fifteen persons, including stewards and perhaps one or two stewardesses.

This message stated that the yacht which is believed to be the Idler, had broken to pieces and that no sign of life was to be seen. A message was sent to the revenue cutter Seminole at Wilmington, N. C. and that vessel was hurried to the rescue of the yacht, according to the wireless message sent to a passing steamship.

Advices from Constantinople state that 80,000 Turks form the army that is being sent to invade Egypt. Of these forces, 48,000 have been concentrated at El Arisch, on the Mediterranean, and 32,000 at El Akaba, at the head of the Gulf of Akaba. These two forts dominate both the caravan routes to the canal through the Sinai peninsula.

NEWS OF THE DAY

William Travers Jerome—for nearly nine years known as Harry Kendall Thaw's nemesis—yesterday was removed from his position of special deputy attorney general of the State of New York by Attorney General E. E. Woodbury and at once ceased his fight to have Thaw sent back to Matteawan. Just why Jerome was removed is open to much conjecture. Jerome says he was tired of the case; shrank from the publicity it entailed, and had grown sensitive to the calumny of the crowds who cheered Thaw as a persecuted hero and hooted his prosecutor as a little old man of the sea.

Certain political and territorial demands which Japan has made upon China following the Japanese occupation of Kiauchau have become known in Peking and their extent is disquieting to Chinese officials. These demands, 21 in number, were communicated to the Chinese government January 23 by the Japanese minister here. They include, first, that China turn over to Japan all existing German and Austrian concessions; second, that China pledge herself not to give concessions, in the future, to any country except Japan; third, permission to build a special territorial railroad; and, fourth, mining privileges in Shantung and Fukien provinces; in Manchuria, in eastern Mongolia, and in the Yangtse valley.

"We must maintain under the colors our entire army, for at any moment incidents are possible which may render it necessary for us to make an appeal to arms," said P. W. A. Van Der Linden, premier of the Netherlands, yesterday. The statement was made in the second chamber of the Dutch parliament, when a bill for the extension of the military service was being discussed. The premier added that the government could not disclose the information it possessed concerning the foreign situation, because much of it was based on confidential documents.

The Rev. Charles Borum, a white minister of Boston, who five days ago filed his intentions in the city registry department of marrying "Lizzie," Lawson, colored, yesterday returned and received the license to carry out his intention. He said that he is connected with the Pentecostal Church, is 25 years old, and was born in Brokneal, Va. The bride-to-be is 24 years old, and was born in Newbern, N. C. The Rev. Charles W. Tilman, of Boston, said he had agreed to perform the ceremony.

The German cruiser Gazette is reported to have been torpedoed by a submarine in the Balfic on Monday. The Gazette was able to return to the port of Asnitz. Hostile submarines are reported to have attacked a German squadron in the Baltic off the southern coast of Sweden, dispersing its units and driving them into port. All traffic in the Baltic between Sasnitz, Germany, and Trelleborg, Sweden, an important trade route, has been stopped as the result of the appearance of hostile submarines.

Harriet Stone, a two months' old baby, was drowned yesterday by her sister, Dorothy, three years old, and her brother, Louis, five, in a bathtub in their home in Brooklyn. Mrs. Rose Stone, mother of the children, left the older ones in charge of the baby while she went shopping. Dorothy and Louise decided to give the baby a bath. The child slipped from their hands and sank to the bottom of the tub. The children then fled to the yard. A doctor worked over the child for an hour, but failed to revive her.

Attempts to arouse sentiment in favor of a proposal to send Japanese troops to Europe to fight against the German armies have resulted in complete failures. The prevailing sentiment in Tokyo, both official and unofficial, is that Japan should confine her activities in the war to the far East. It is not impossible, however, that Japanese troops ultimately will go to Europe Japan intends to assist England, her ally, and to meet any requests that are made by that country.

THREE TAX BILLS ARE REPORTED

Virginia Senate Committee Makes No Recommendations.

TWO SESSIONS DAILY.

No Hasty Action Will Be Taken on Any Bill, But Free Discussion Will Be Allowed.

Richmond, Jan 27—The Senate Finance Committee reported yesterday without recommendation the Governor's Segregation Tax bill, the Lesner compromise measure and the Tax Commission bill, the latter prepared by the special tax commision The three measures are thus before that body without either having any special recommendation. The Segregationists declare lack of action by the Senate Committee indicates that the commission form of taxation is losing ground in that body.

The House adopted a rule to hold two sessions daily, beginning today. This means that there will be no hasty action on any bill, each measure being assured of liberal debate. It is probable that a vote on the Tax Commission measure may be taken today.

The Senate concurred in the House resolution calling for a rigid inquiry into the school text-book situation. Senator Rison and Cannon were named as the investigators from the Senate. Speaker Cox will name three members from the House.

The greater part of yesterday's session of the House was spent in debating the Chalkley-Montague-Pitts bill, creating a State Tax Commission.

Delegate Robertson, of Northampton, introduced a measure in the House designed as a compromise measure to those now being considered. It creates a State supervisor of taxation, whose term of office shall be four years, at a salary of $4,000 a year. The supervisor would have jurisdiction over all officers who deal with the tax problem and they would be subject to his orders.

MRS. JACKSON VERY ILL.

Her Condition Causes Her Friends Increasing Anxiety.

Charlotte, N. C. Jan. 27—Mrs. T. J. Jackson, widow of General "Stonewall" Jackson, the Confederate leader, is ill at her home of her granddaughter, Mrs. E. Randolph Preston (Julia Jackson Christian). Her condition for several days past is not so encourgaing as it has been for weeks previous

Mrs. Jackson, who is in her eighty third year, has been ill since July. She spent some time last summer at Walter's Park, near Philadelphia and later went to a Philadelphia hospital for a few days Since Christmas she has been able to be up and sit on the piazza in balmy weather, but for several days past now she has been showing signs of growing weakness.

Sentences Set Aside.

Washington, Jan. 27.—Contempt of court sentences imposed on Wm. L. Curtin and George Burdick, of the New York Tribune, because they refused to divulge sources of information of a printed story of grand jury investigation of customs frauds in New York, were set aside Monday by the Supreme Court.

The court did not pass upon whether the men could be compelled to state the sources of their information.

It sustained their refusal to testify before a grand ury on the ground that they might have incriminated themselves, despite the fact that Presidential pardons had been prepared for them. The newspapers men refused to accept the pardons.

DEATH OF LEWIS STEIN

Former Alexandrian Dies Suddenly at His Home in Baltimore Yesterday.

Lewis Stein, formerly of Alexandria, and for 30 years a resident of Baltimore, died suddenly at 10:30 A. M. yesterday in the latter city. He was 82 years old.

He had eaten breakfast with his wife and daughter a short while before and was in apparently good health, but was stricken on a couch, where he had gone for a rest. No one but the maid was in the apartment at the time.

While living in Alexandria Mr. Stein was engaged in the grocery business on the west side of Royal street, between King and Cameron. But when he first came to this country from Germany he went to Wheeling, W. Va., and entered the clothing business. He was born in Germany in 1833.

In 1880 he retired from business, served during the civil war as a member of the Common Council from the Second ward, and later moved to Baltimore. He has been quietly but actively engaged in Jewish charities and other benevolent work, chiefly through the Madison Avenue Temple, of which he was a member. He is survived by his widow, Mrs. Cecilia Stein, who is 71 years old and who was married to him 52 years ago; one daughter, Miss Emma Stein, and one son, Albert Stein, of New York.

Mr. Stein visited Alexandria during Home-Coming Week in 1909. He met many of his former acquaintances at that time.

WRITS OF ERROR.

Supreme Court Will Review Case of Jennings Against N. & W. Railway.

A writ of error and supersedeas was granted yesterday by the Supreme Court of Appeals in the case of the Norfolk and Western Railway Company, plaintiff in error, against J. D. Jennings, defendant in error. The trial was held in the Circuit Court of Prince Edward County, and the jury awarded Jennings a verdict in the sum of $2,500. Jennings was struck and injured by a train while crossing railway tracks at Farmville, where he had gone to attend a county fair.

The appeal of Robert Lee Alley, an infant, suing through his father, W. H. Alley, vs. the Chesapeake and Ohio Railway Company was refused. The case was appealed from the Richmond Hustings Court, Part II. The case grew out of an accident which occurred while the boy and his brother were sitting on the railroad tracks, watching some boys bathing in the canal.

No. 52. Curtis vs. Hiden, et al. Argued by Mr. Massie, and O. D. Batchelor for the appellant, and by S. O. Bland for the appellees, and submitted.

No. 53. City of Norfolk vs. Anthony. Argued by George Pilcher for the appellant, and by S. M. Brandt for the appellee, and submitted.

No. 54. (37). C. & O. Ry. Company vs. Newton's administrator. Partly argued and continued until today.

NEGRO KILLS NIECE.

Wraps Body in Rug, and Attempts to Dig Grave in Cellar of Home

Danville, Jan. 27.—Hiram Moss, a negro, aged thirty-two years, recently discharged from the negro insane asylum, early yesterday morning almost severed the head of his six months old niece as the baby lay playing on a bed at his home. Wrapping the dead body in a rug, he began digging a grave in the cellar of his home. He was detected by his mother, and fled to the river bank, where he was engaged in digging another grave when arrested. The negro made no effort to get away, and when locked up seemed ignorant of the crime he had committed. A lunacy commission will examine him on Thursday.

William C. Gloth Appointed Police Justice of Alexandria County.

R. Gordon Finney, for the past two years civil and police justice of Alexandria county, yesterday tendered his resignation to Judge J. B. T. Thornton, of the Circuit Court, to take effect March 1st.

Judge Thornton expressed his regret at Mr. Finney's announcement and appointed William C. Gloth, a well known young attorney of Alexandria county, and a former football "star" of the University of Virginia, to the vacancy.

POOL ROOM STORM CENTER

Murder Follows Quarrel in one Such Place in South Boston.

South Boston, Jan 27—A brutal murder here yesterday was followed by an exciting man hunt, and in a few hours Charlie Miller had pleaded guilty to the charge of murdering John Fountain. Both parties are negroes and were in a negro pool room when a quarrel started over a small amount of money. Miller stabbed Fountain who died in a few minutes. Only a few days ago Chief of Police Terry shot a negro in a pool room, and many citizens consider the negro pool rooms a menace to the town.

NEGRO FINED $100

Richmond Jan. 27—Justice Griggs yesterday fined Eugene Mitchell colored, $100 and costs in the Police court on a charge of violating the segregation ordinance. The police justice held that at the time the complaint was filed—October 8—Fifth street, between Leigh and Jackson, was a white block, and that the negro had no right to move into the house at 618 North Fifth street. Mitchell noted an appeal through his attorney.

Fatal Accident.

Hanover, Pa., Jan. 27.—Wesley Deitz, 60 years old, living six miles south of Hanover, was killed Monday in front of his wife. He was sawing wood with a gasoline driven circular saw, when a small belt came off. In attempting to replace the belt without stopping the engine he was caught in the main belt and hurled around the shaft several times before his wife, who was nearby, could stop the engine. His skull was crushed and both arms broken.

KAISER'S BLOODY BIRTHDAY.

The people of Germany had their attention called today to the fact that this is the Emperor William's birthday, and that preparations had been made by him to deliver a trip-hammer blow to the allies on the occasion. It was his purpose to obtain a gift not only for himself but for his nation by wading through a sea of blood to a great victory. In order to inspire the Teutons, he appeared on the battle lines today. While the "Watch of the Rhine" was being sung by his army last night they were ordered to make a dash, but, according to dispatches, their dash back was precipitate, leaving their dead and wounded on the field. Dash after dash followed, with no better results, and in but one place were they able to hold a point which they had taken.

Fearful carnage, it is said, resulted from these reckless plunges, as the allies were prepared for the blows, and literally heaps of dead Germans were piled upon the field.

The Kaiser's is by no means the only birthday of a despot which has been marred by blood. The immodest Salome danced before Herod on the latter's birthday and at its conclusion carried the head of the greatest man born of woman, reeking with gore, to her cruel mother.

Herod the Great, as he is known in history, who ordered the massacre of the babes in Bethlehem, instead of celebrating the anniversary of his birth, concluded to have the day of his death observed in a frightful manner. Realizing his unpopularity, and knowing there would be great rejoicing when it was known he was no more, he ordered a wholesale massacre of the more prominent of his subjects as soon as the breath should leave his body. He had a large number placed in prison for that purpose, but when the monster breathed his last his subordinates, glad such a fiend had passed away, opened the prison doors and refused to carry out Herod's orders.

The German Emperor was well aware of what would follow his rash acts today, but he was ready to offer thousands of his faithful subjects upon the altar of his vanity in order that he might enjoy the fruits of a great victory upon his birthday.

Emperor William has issued the following in an attempt to veneer the sorrow he has occasioned in so many homes in the fatherland:

"In recognition of the faithfulness to duty displayed unto death by the immortalized ones and in sincere sympathy for their great loss, I will present to the dependents of those soldiers of the Prussian army who have fallen in the struggle for the defense of the Fatherland a memorial sheet made according to a sketch laid before me."

When Bismarck was drawing near the borders of the other world he is quoted as saying: "I was the cause of the death of eighty thousand men. But I have settled that with my God." The iron chancellor was referring to one of the wars he precipitated. If Bismarck's conscience was troubling him over eighty thousands victims of his vanity, the myraids which will rise up in the judgment against William will only be offset by those which are said to be following the shade of Napoleon through Tartarus.

BAD FOR FISHERMEN

Government Engineers Make Radical Changes in Chesapeake Bay Situation.

Washington, Jan. 27—As a result of recommendations of the Board of Engineers of the United States War Department, the shad and herring fishermen of the Chesapeake Bay and tributaries in Virginia will be all but demoralized.

A thousand nets, probably will be denied location, the outside line heretofore prevailing being moved back inshore all the way from Old Point to Wolf Trap Light. Between the Rappahanock and Potomac mouths the lines remain the same, but no net will be allowed in more than forty two feet of water inside this line.

In the Potomac River, near the mouth the nets will be forced back to a line from Coon Light to Blundon's Bouy. The line between Wolf Trap and Windmill Bouy remains unchanged, and is the only one not affected.

Fishermen of the Mobjack, York River and Buckroe sections are the most seriously crippled. Inshore channels have been established by the Board of Engineers that will produce serious rents in the heretofore fishing area, while the clearance for channels into the York and Mobjack are double and trebled over former widths.

The engineers report has been submitted to General Kingman, chief of engineers for endorsement. Senator Swanson and Senator Martin and Congressman Jones, reinforced by former Fish Commissioner W. McDonald Lee, G. Irby Johnson and David W. Johnson, of Hampton, made urgent appeals before General Kingman but the chief engineer refused to revise the lines as recommended.

CHARTERS GRANTED.

DUKE DE LORGE KILLED.

Paris, Jan. 26.—The Duke de Lorge, the head of the Durfort-Civrac family, was killed in battle on January 23, according to an announcement made here today. He was struck in the head by the splinter of a shell.

The Duke, who was 25 years old, was serving as a sublieutenant in the Thirty-second Dragoons.

"DRY" MEASURE IS PASSED.

Shipment of Liquor Into South Carolina May be Prohibited.

Columbia, S. C., Jan. 27.—After spirited debate, the House of Representatives yesterday passed a bill to prohibit the shipment into this State of alcoholic liquors, as provided by the Federal law giving authority to the States over interstate shipments of intoxicants. The bill requires every one ordering liquor shipped from without the state to secure a permit from the clerk of court. The measure was sent to the Senate.

SUFFRAGE BILL PASSES

West Virginia Legislature Votes to Submit Amendment.

Charleston, W. Va., Jan. 27.—The Legislature voted yesterday to submit to the people at the next election an amendment to the Constitution providing for woman suffrage. There was one vote in the Senate and six in the House of Delegates against the resolution.

Any opposition to the measure crumbled away in the face of the onslaughts of suffragists, who crowded the galleries and floors of both House and Senate and who, in their second attempt to secure the submission of the equal suffrage amenrment achieved an almost unanimous victory.

THREE HANGED AT MANILA.

Execution of Insurgent Leader Passes off Quietly

Manila, Jan. 27—General Noriel the insurgent leader, and two accomplices who were found guilty of havink killed a political enemy at a cock fight in 1902 ,were hanged here early yesterday morning.

The early hour of the execution possibly prevented disorders, for which the army had been directed to be prepared. It is expected, however, that a big demonstration will take place at the time of the funerals.

Noriel was one of the most prominent natives in the Province of Cavit, He was sentenced to die Jan., 12, but obtained stay of execution until today. In the interval influential Filipinos made every effort to secure a mitigation of the sentence, but Gov. Gen. Francis Burton Harrison decided that he be put to death in accordance with the judgement of the court that tried him.

SINK AFTER COLLISION

Steamer Rammed, Goes to Bottom Carrying One Man With Her.

Norfolk, Va., Jan. 27—Rammed by the schooner Elizabeth Palmer just before dawn yesterday, the steamer Washingtonian of the American Hawaiian line sank within a few moments carrying down with her one member of the crew. The schooner sank shortly afterward.

Thirty-nine members of the Washingtonian's crew and the eight men comprising the crew of the Elizabeth Palmer were rescued by the Old Dominion liner Hamilton and boats from lightship No. 72, which is stationed at Fenwick Island south of Cape Henlopen near which the disaster occurred.

The loss of life would have been much heavier had it not been for the fact that the Hamilton happened to be in the vicinity. The man lost from the crew of the Washingtonian, which was commanded by Capt. E. D. Brodhead, was a water tender named Nayer.

The collision occurred at 4 a. m. while a high wind was blowing. Several members of the crew were in a serious condition when picked up. The clothing of the men was frozen stiff before they were taken into the boats.

At the time of the accident many of the Washingtonian's crew were asleep. They had time only to don part of their clothing before the ship began to settle. The schooner, driven by a forty mile gale, was speeding like an express train when she hit the Washingtonian amidship. She cut deep into the steamer's side and then sheered off, leaving a gaping hole through which the water poured.

ROW IN ROYAL FAMILY

Kaiser William Has Clash With Sons —One Opposed to His Policies

Amsterdam, Jan. 27.—Neither travelers returning from Germany state that a bitter conflict between the kaiser and his two sons, the crown prince and Prince August Wilhelm is being openly discussed in Berlin. Numerous instructions given by the crown prince to generals under him have been vetoed by the kaiser, on the suggestion of Gen. von Falkenhayn, chief of the general staff.

When these orders were canceled the crown prince passionately demanded explanations from his father.

These were sternly refused, and, after a stormy scene, the crown prince left the kaiser's headquarters complaining openly that he was being treated like a boy. It is expected in Berlin that the crown prince will be required to take a long rest, and will soon return to the capital and join his brother, Prince August Wilhelm.

The latter has been in Berlin some time, and is not likely to return to the front, though he has long since recovered from his accident. Prince August Wilhelm, who is known to be the only Hohenzollern uninfected with militarism, is declared to have disapproved openly of the kaiser's policy The sequel was a scene between father and son.

The end of the quarrel was that Prince August Wilhelm was advised by the kaiser to return to Berlin to assist the empress in looking after the wounded.

The truth of these statements is admitted by highly placed persons in touch with the court.

Another son of the kaiser, Prince Joachim is now in a sanitarium in Baden-Baden, where he is slowly recovering from nervous prostration, brought on by his service in the field.

LIITTLE GIRL ATTACKED.

Struck on Head With Rock While Fleeing From Man Who Accosted Her.

Chase City, Va., Jan. 27.—Town and county officers last night were seeking an unknown negro who yesterday afternoon accosted Laura Falls, a 12 year old school girl, as she was on her way home, and when she repulsed him, seriously injured her by striking her with an eight-pound rock.

The injured child is a daughter of J. J. Falls, who resides about one mile from Chase City. The girl attends school in town, and was on her wayhome shortly after noon. When within half a mile of her home she met a low, black negro, who asked her to go with him. She refused, and he grabbed her. The girl screamed for help, broke away from the negro and started to run toward her home. The negro seized an eight-pound rock and threw it at the fleeing girl. The rock struck her on the head, making a very serious wound, and one which necessitated the attention of a surgeon.

After throwing the rock the negro ran toward town, and the little girl made her way home.

At a regular meeting of the Board of Aldermen of the city of Alexandria, Va., held January 26, 1915, there were present:

Henry K. Field, esq., President, and Messrs. Hill, Brill, Robinson, Ballenger and Wilkins.

A petition of D. E. Bayliss, for permission to erect a building of brick and terra cotta block on Pendleton street, was referred to the Committee on Streets.

The following were received from the Common Council and their action concurred in:

Communication from Thomas A. Fisher, Mayor returning without his signature a resolution appropriating $300 for general repairs of streets, and a resolution appropriating $150 for a sewer in the alley south of Wolfe street, between Fairfax and Royal. The action of the Common Council in passing the resolution according to the Mayor's suggestions was concurred in.

Favorable report of the Committee on Public Proptrey on a resolution appropriating $82.50 for painting the Reliance engine house and varnishing the meeting room.

Resolution appointing a special committee to ascertain the title to the old Friendship engine house on Alfred street, near King. (Messrs. Ballenger and Robinson were appointed on the part of this board.)

Petition of Wm. M. King for permision to make alterations in building at the southwest corner of King and West streets.

Resolution requesting the Senator from this district and the Delegate from Alexandria City and county to view with Delegate Milstead, of Newport News to have repealed the act of the General Assembly providing for a civil and police justice for Alexandria.

The board then adjourned.

COMMON COUNCIL

At a regular meeting of the Common Council of the City of Alexandria, Va., held January 26th 1915. There were present: Howard W. Smith, Esq., President, and Messrs. Marbury, H. R. Burke, C. S. T. Burke Leadbeater, Desmond, Bales, Monroe, Brockett, and Bryan.

The following message was received from the Mayor.

Office of the Mayor, City of Alexandria, Va.

January 19th., 1915

To the Honorable City Council,
Alexandria, Virginia.

Gentlemen:—I am returning without approval two resolutions one making an appropriation for Three hundred dollars for "General Repair Work of Streets" and the other appropriating One hundred and fifty ($150.00) dollars for a sewer.

This action on my part is not based upon a desire to stop or hold up the work contemplated, but to have these appropriations (if I am correct in my reasonings) pass the test of regularity. The council knows many orders have passed which have had to be corrected afterwards, and emphasizes the truth that at times when "there is too much haste there is no speed." These paers were presented in the Comomn Council on Jan. 12th., inst., with only a lone querum present. and as endorsed passed that body by a vote of Nine votes. The City Charter, Section 13 in part reads "No bill or Act creating a New Law, Amending or Altering an existing law shall be passed at the same session on which it is presented, unless it shall receive the votes of three fourth of the members of each branch of the City Council The two resolutions come under this requirement, and the General laws of the State do not effect this provision of our City Charter.

Very respectfully,
THOMAS A. FISHER, Mayor.

Upon motion of Mr. Burke the objections of the Mayor were sustained and Council receeded from its former action, Ayes 9—Noes 0.

A resolution appropriating $300.00 for general repairs to streets was taken from the table and passed Ayes 9—Noes 0.

A resolution appropriating $150.00 to construct sewer in alley running southward from Wolfe street between Fairfax and Royal streets was taken from the table and passed Ayes 9—Noes 0.

A resolution appropriating $82.50 for painting at the Reliance Engine House was recommended by the committee on Public Property and passed. Ayes 10— Noes 0.

A resolution by the President to enquire into the advisability of assuming title to the Friendship Engine property was referred to the following special committee Messrs. Taylor Burke, Brockett, and Bryan.

A petition from W. M. King for alteration to building on the Southwest corner of King and West street for a moving picture house, was referred to the committee on streets.

A resolution by Mr. Marbury to amend the act applying to Police Justices in cities of the middle class in Virginia, and that the Senator and Delegate from this district use their efforts to have the law repealed at this session of legislature was referred to the joint committee on finance and General Laws.

A report of the Joint committee of Finance and Light to take over the gas mains serving pipes and etc laid in Rosemont as per contract under date of October 18 1911 and recommending the payment of $5,482.93 for the purpose was received and laid on the table until the next meeting.

A petition of D. E. Bayliss to construct a building with terra cotta block on Pendleton street was received from the Board of Aldermen and referred to the committee on Streets.

The Board then adjourned.
